The "On The Road" price includes VAT, delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included.

† Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

Kangoo Z.E. - Battery hire

This Kangoo Van Z.E. offering allows you to buy the vehicle and lease the battery, which not only reduces the purchase price, but also gives maximum peace of mind.

Battery performance is guaranteed to at least 75% of its original charge capacity. If not, we'll repair or replace it.

No worries – complete 24/7 roadside assistance, even if you run out of charge.

You enjoy your Z.E. while we keep its heart healthy. It's that easy.

You only pay for what you need – you tell us how many miles you'll do and how long you'd like to keep your Z.E.; we personalise your battery hire monthly payment to your own individual requirements.

If the vehicle is sold to a dealer or another person, the customer simply signs the declaration form to confirm the new owner's details and sends it to Renault finance. Your obligation will cease once the new owner takes over the battery hire agreement.

Kangoo Van Z.E. - Pricing

Battery hire

We believe that the battery hire principle provides the most affordable, reassuring method to own an electric vehicle. As part of the battery hire agreement we provide a guarantee in terms of the battery capacity throughout its motoring life. In addition, we will arrange recovery of your Z.E. vehicle in the event of breakdown or loss of energy. For further advice, visit your local Z.E. Expert Dealer.
